Eco-Friendly and Affordable: Introducing Babachic

New to North America, Babachic bags and accessories bring the color and fun to Summer 2019.

Made from HDPE (High Density Polyethylene) derived from recycled plastic water bottles, the collection uses colorful striped woven materials and fine, extra soft double knit plastic tulle for the "transparent" pieces.

Additional materials include polyester and cotton trims for edges, handles and other embellishments, and cotton linings on some of the bags.

Babachic is designed in the south of Spain and produced ethically in India. Prices range from \$6.50 - \$38 landed cost and ship from our showroom in Minneapolis beginning in mid-May.
